CIBC International Student Pay provides access to all developed market currencies and select growth market currencies. The CIBC foreign exchange quote in your preferred currency will remain valid for 72 hours (excluding weekends and Canadian statutory holidays). Should you not proceed with the transaction within this 72 hour period the quote will expire. During this 72 hour period (excluding weekends and Canadian statutory holidays), you will not be able to access CIBC International Student Pay to obtain further quotes. If Bank Wire is selected you’ll receive detailed instructions along with a reference code to deliver to your local bank within 72 hours. Your bank then follows the instructions and sends the funds to your school. Students can check the status of their payment online at any time.

In accepting payments for the University of Ottawa, CIBC acts as a service provider to the University of Ottawa — not as a service provider to you. In the event you decide to send a payment to an account owned and / or operated by CIBC for transmission to the University of Ottawa, you irrevocably agree that CIBC may accept and act upon the sole instructions of the University of Ottawa with respect to such payment. You are not required to use the Online Platform to pay tuition fees to the University of Ottawa. You are at all times entitled to source Canadian dollars from alternate financial institutions, including your local financial institution. CIBC derives income from the difference (the spread) between the prices at which we buy and sell foreign currency. CIBC’s spreads may differ from time to time and can change (without prior notice). This spread is reflected in the quote CIBC provides to the University of Ottawa. CIBC may offer rebates in connection with the solutions provided, which rebates may not be passed along to you.
